010-11997-00	Tire Pressure Monitor Sensor	Easily Monitor Tire Pressure Our Tire Pressure Monitor Sensor (TPMS) enables you to monitor your motorcycle's tire pressure easily and conveniently, as you ride. The system works with up to 4 tires in any configuration (not intended for automotive use). One TPMS sensor is required for each tire (sold separately; metal valve stems only). Tire Pressure Information At A Glance Fasten 1 TPMS sensor to each metal tire valve stem, then pair TPMS with your zūmo® 390. TPMS uses ANT technology to deliver pressure data wirelessly to your zūmo 390. View the real-time data right on your zūmo display. TPMS lets you set custom pressure thresholds. If tire pressure changes, TPMS issues an alert. TPMS also enables you to monitor tire pressure trends over time. With TPMS, it's possible to detect a slow leak before it becomes a bigger problem. Small and Smart TPMS is the smallest motorcycle tire pressure sensor on the market. Each TPMS sensor is powered by a single, replaceable battery that may last up to 18 months, depending on individual use. To preserve battery life, TPMS rests in low-power mode, then "wakes up" when movement is detected.	2 055 lei	-
Accessories for Truck				
010-01991-00	BC 35 Wireless Backup Camera	Keep a Watchful Eye on What's Behind Your Vehicle • 160° wide-angle field of view; shows what's behind your vehicle when in reverse • Built-in Wi-Fi transmits live camera view from BC 35 directly to your compatible GPS navigator's display • Wirelessly transmits camera footage up to 13 meters away (range varies based on installation) • If desired, wire to constant power and toggle easily between camera and navigation modes • Rugged enough to withstand harsh weather	3 675 lei	*
010-11232-10	FMI 15	Enable fleet management capabilities for devices that support our Fleet Management Interface with this power/data cable*. Accessories for Actions Cameras				
010-12256-19	LIFE JACKET FLOAT MOUNT (VIRB® X/XE)	Keep VIRB X or XE afloat while capturing or participating in your favorite watersports. The life jacket float is perfect for mounting your action camera during on-water activities, including surfing, kayaking, boating, wakeboarding and more.	355 lei	-
010-12256-59	RUGGED 10M POWER CABLE (VIRB® X/XE)	Ensure your VIRB X/XE action camera is always powered and ready to go with this 32 foot (10 meters) bare wire power cable. The cable works with a power source ranging from 10 V to 30 V DC.	1 055 lei	-
010-12256-10	Anti-Fog Desiccant (VIRB® X/XE)	Fog is not an issue with our desiccant. Keep your action camera shooting clear in conditions where humidity levels are high.	215 lei	-
010-12256-15	Charging Cable (VIRB® X/XE)	Complete 2 tasks with 1 cable using our charging cable. Connect the cable to your computer's USB port to recharge your VIRB X or XE action camera and to transfer data to and from your computer.	435 lei	*

010-12256-16	Rugged Charge Cable - VIRB X/XE	This 3-to-1 combo cable allows you to power your VIRB X or XE action camera, providing 3.5 mm stereo input for an external mic, RCA composite video output and mini-USB port. The cable is great for rugged environments, such as adventures on ATVs, motorcycles and more.	830 lei	-
010-12256-27	Pivoting Mount Base Kit (VIRB® X/XE)	Place VIRB X or XE virtually anywhere with these heavy duty adhesive mounts for flat and curved surfaces. Easily pivot the mount base to capture a variety of angles. Includes 3 flat adhesive mounts, 3 curved adhesive mounts, pivoting mount adapter, long screw and wrench.	520 lei	*
010-10997-07	Premium Heart Rate Monitor	Train more effectively with our premium heart rate monitor. When worn around your chest during an activity, it wirelessly transmits your heart rate to your compatible device for instant feedback on how hard you're working. The strap is made of a comfortable soft fabric. Adjust the size to your body for secure fit during your activities. Pair it with your compatible device just once, and it will automatically recognize it each time. Optimized for use in crowded areas like the gym and road races, it won't pick up any signals but your own. Taking care of it is a snap. The plastic heart-rate module is removable from the strap so you can wash the strap as often as needed	1 250 lei	***
010-11092-30	External Temperature Sensor	Transmit ambient temperature data wirelessly to your device with the tempe external wireless temperature sensor. Attaches to your pack, jacket or shoe.	650 lei	*
010-12104-00	Speed and Cadence Sensors	Bike Speed and Cadence Sensors	1 390 lei	*
010-12094-00	Virb Remote Control	Control your VIRB action camera from up to 10 m away using ANT+ wireless connectivity with this rugged, compact and lightweight remote control. Select one of the 3 buttons conveniently located on the circular top face to start recording, capture still image or stop recording. Easily replaced CR2032 battery lasts up to one year, and features an automatic sleep mode to save battery life. Green LED light indicates when the remote has recognized your VIRB device. Red LED light indicates VIRB is recording. Mount, wrist strap (plus extra extender strap) and neck lanyard are included. Optional carabiner lanyard attaches remote to your belt, backpack or jacket. Water-rated to 5 ATM; ANT+ wireless connectivity does not work underwater. After initial recognition, remote will remember VIRB unit.	1 050 lei	*
010-12256-05	Head Strap Mount, VIRB Series	Secure VIRB X or XE to your head and capture your entire adventure with this comfortable and adjustable mount that also may be worn over hats. Use the included ready clip to attach your camera to a variety of places (3 mm to 6 mm in thickness), including your hat or belt, backpack strap or pocket, while climbing, hiking, diving and more.	490 lei	*
010-12256-22	Cycling Combo Mount - virb X/XE	Capture your entire biking adventure by combining 2 Garmin devices. This cycling combo mount reduces overall weight and mounting complexity by offering a simple and solid solution for mounting an Edge® and a VIRB® X or XE to your handlebars. The mount with extended arm allows you to stay in a comfortable heads-up position (Edge attaches to the top; VIRB to the bottom of the mount) for easier monitoring and improved safety.	960 lei	*
010-12256-12	Watersport Mount Kit - virb X/XE	Mount VIRB X or XE to your favorite watersport and capture your entire adventure. The mount is perfect for capturing on-water adventures, including surfing, kayaking, boating, wakeboarding and more.	515 lei	-
010-12256-26	Bare Wire USB Power Cable (VIRB X/XE)	Use this cable to hardwire your vehicle's electrical system to a USB mini-B compatible connection. Requires a rugged combo cable (010-12256-16) to complete connection to your VIRB X or XE action camera.	440 lei	-
010-12256-06	Chest Strap Mount (VIRB® X/XE)	Mount VIRB X or XE to your chest and capture your entire adventure with this comfortable and adjustable strap. The strap is perfect for capturing adventures while biking, fishing or participating in snowsports, paddlesports and more.	855 lei	*
010-12256-08	Wrist Strap - VIRB Series	Easily control your VIRB X or XE by attaching your action camera to this fabric strap and securing it to your wrist, ankle or another round object such as a tree or flag pole, up to 8 inches (203 mm) diameter. The camera mounts directly to the strap, which accommodates all wrist sizes and clothing types — you can even wear it on top of a heavy jacket. The kit includes a hook-and-loop fastener, an extender strap and a mount.	520 lei	*
010-12256-02	Large Tube Mount - VIRB Series	Capture your entire adventure with this large tube mount that secures your VIRB X or VIRB XE to your bike or other large tube sporting equipment. Secure your device in the mount using the inserts. Adjustable arms provide flexibility to get the right shot. The mount can be used on large tubes from 0.75 inches to 1.5 inches (19 mm to 38 mm), including handlebars, seat posts, roll bars, shotgun barrels and more.	640 lei	*
010-12256-04	Vented Helmet Strap Mount - VIRB Series	Mount VIRB X or XE to your helmet and capture your entire adventure. Use the vents in your helmet to attach this adjustable strap mount and lock your camera firmly in place while biking or participating in snowsports or paddlesports.	310 lei	*
010-12256-03	Small Tube Mount - VIRB Series	Mount VIRB X or XE to a pole or other small tube to capture your entire adventure. Use the thick or thin insert so the mount fits perfectly, and your camera is locked firmly in place. Adjustable arms provide flexibility to get the right shot. Accommodating tube diameters from 0.35 inch to 0.95 inch (9 mm to 24 mm), the mount can be used on additional objects, including ski poles, rifle barrels, roll bars and more.	520 lei	*
010-12256-07	Tripod Mount - virb Series	Firmly lock VIRB X or XE in position with this standard tripod (1/4"-20 thread) mount. Once attached the camera locks firmly into any standard tripod stand (not included) so you can start filming. This mount is great for stationary shots, time-lapses and more.	210 lei	*
010-12256-09	Auto Dash Suction Mount - virb Series	Keep your action camera rolling even while driving or flying with this suction mount that attaches to a windshield or any smooth, flat surface.	555 lei	*
010-12256-17	Mount Base Kit, Curved/Flat - VIRB X/XE	Place VIRB X or XE virtually anywhere with these 3 extra flat and 3 extra curved base mounts that firmly lock the action camera in position.	415 lei	*
010-12256-18	Adjustable Mounting Arm Kit - VIRB X/XE	Mount VIRB X or XE virtually anywhere with this kit. It includes a variety of links and adhesive mounts, including a flat adhesive mount, curved adhesive mount, standard mount adapter, vertical mount adapter, short extension arm, long extension arm, short screw, 2 long screws and a wrench. Also includes pivoting mount adapter pieces for use with collared mounts (sold separately).	425 lei	*
010-12256-25	Dog Harness, Long - virb X/XE	Mount your action camera to your dog with this lightweight, fully adjustable harness. Available in 2 different sizes (based on the length of the dog), you must choose the size that fits your dog the best by measuring your dog's length. Measurements are from the base of the dog's neck between the shoulder blades to the base of the dog's tail. Dogs measuring 15 inches to 25 inches (38-64 cm) should wear the short harness, and dogs measuring 26 inches to 36 inches (66-92 cm) should wear the long harness.	1 590 lei	-
010-12389-00	Waterproof Case (VIRB Ultra)	VIRB Ultra is ready for action. When snapped into this rugged, submersible, waterproof (up to 40 meters) case, users can capture clear video in various environments. If your camera gets splashed, water droplets repel right off the case — and anti-glare lens — leaving your camera to capture crisp, clear footage and superb audio. So even when the case is on, you can easily view the bright, 1.75-inch color LCD touchscreen, operate the simple menus and intuit touchscreens, see what is being recorded and capture great sound.	1 030 lei	-
010-12389-08	Life Jacket Float Mount (VIRB Ultra)	Keep your compatible VIRB action camera afloat with this life jacket mount when boating or filming/photographing watersports. The waterproof case can be separated from the life jacket to view the display when needed.	790 lei	-
010-12256-13	Picatinny Rail Mount (VIRB X/XE)	Mount VIRB X or XE to your favorite hunting or shooting range equipment and capture your entire adventure. The detachable picatinny/weaver rail mount has extension arms and knobs for multiple mounting options.	515 lei	-
010-12389-12	Cage with Protective Lens (VIRB Ultra)	This cage mount is the smallest and lightest way to mount your compatible action camera. It has a fast-locking clamp with wind noise reduction and comes with a protective lens cover.	845 lei	*
010-12256-11	Prop Filter (VIRB X/XE)	Reduce propeller distortion in your video — even before you start editing. Simply place this neutral density filter lens on your VIRB X or XE action camera and share a smoother, distraction-free video with your friends. Easy on/off mounting simplifies changes between shots that may or may not feature a propeller.	1 030 lei	-
010-12521-00	Acc, VIRB 360, Replacement Cradles	Connect your VIRB 360 to any standard tripod (1/4"-20), sold separately, with the included tripod cradle. Or, attach it to any action camera mount, like these VIRB mounts, with the included action cradle.	600 lei	-
010-12521-01	Acc, VIRB 360, Rugged Power Tripod Cradle	Connect your VIRB® 360 to any standard tripod (sold separately) or action mount, like these VIRB mounts, with this powered, water-resistant (IPX7) mount with USB cable (2 meters) — and keep capturing high resolution video and audio — even photos. Includes a tripod adapter and screw.	1 000 lei	-
010-12521-02	Acc, VIRB 360, Replacement Tripod/Handgrip	This small tripod/handgrip allows you to comfortably carry your VIRB with you wherever you go. Set it up to capture any moment or collapse it down into a comfortable handgrip, this 2-in-1 includes a tripod adaptor and screw to connect to any standard tripod, sold separately.	600 lei	-
010-12521-03	Acc, VIRB 360, Rugged Power Marine Cradle	Capture everything while you're out on the water by connecting your VIRB® 360 to any standard tripod (sold separately) or action mount, like these VIRB mounts. Powered mount includes a 10 meter bare-wire cable for direct connection to a DC power source	1 600 lei	-
010-12521-04	Acc, VIRB 360, Rugged Power Vehicle Cradle	Capture everything while you're out on the water by connecting your VIRB® 360 to any standard tripod (sold separately) or action mount, like these VIRB mounts. Powered mount includes a 10 meter bare-wire cable for direct connection to a DC power source	1 600 lei	-
010-12521-10	Acc, VIRB 360, Replacement Battery	Keep the adventures going by having a backup or additional battery for your VIRB® 360. This rechargeable lithium-ion battery (1250 mAh) lasts up to 1 hour and 5 minutes at 4K/30fps stitched in camera or 5K/30fps unstitched.	700 lei	-
010-12521-11	Acc, VIRB 360, Dual Battery Charger	Charge up to 2 lithium-ion batteries simultaneously so your VIRB 360 is always powered and ready to capture your adventure. Includes a charger (1250 mAh) and a micro USB cable.	700 lei	-
010-12521-20	Acc, VIRB 360, Lens Repair Kit	Change your VIRB 360 lenses in seconds without tools. This kit comes with 2 outer, strengthened glass lenses, 2 lens retainers and 2 lens gaskets.	800 lei	-

010-01787-00	Vector 3	Dual-sensing pedal-based power meter • Installs like any other pedal and quickly transfers between bikes • Measures total power, left/right balance, cadence and cycling dynamics • Sleek design provides greater cornering clearance and improved stack height • Fully integrates with Garmin cycling ecosystem for data analysis • Allows for easy updates via compatible Edge® cycling computers, ANT+® connectivity or Bluetooth®-enabled fitness devices1 and Garmin Connect™ Mobile app • Battery life: up to 120 hours	19 000 lei	-
010-01787-01	Vector 3S	Single-sensing pedal-based power meter • Installs like any other pedal and quickly transfers between bikes • Reports cadence and total power (watts) • Easily upgrades to dual-sensing system • Fully integrates with Garmin cycling ecosystem for data analysis • Allows for easy updates via compatible Edge® cycling computers, ANT+® connectivity or Bluetooth®-enabled fitness devices1 and Garmin Connect™ Mobile app • Battery life: up to 120 hours	11 400 lei	-
010-12578-00	Vector 3S Upgrade Pedal	Upgrade your Vector 3S to a dual-sensing power meter, and step beyond watts to see exactly how your pedaling style generates the force that moves you. When paired with Vector 3S, the upgrade pedal completes the Vector power meter system, providing left/right balance data and cycling dynamics. With the new podless design, it installs like any other bike pedal. Revolutionary cycling dynamics show you exactly where you're generating power throughout the pedal stroke. See where you apply force on the pedal to ensure proper cleat position. The upgrade pedal also tracks when and how long you were seated versus standing so you can gauge position effectiveness.	8 950 lei	-

010-01509-10	Varia Radar Tail Light and Head Unit	Alerts You to Vehicles Approaching from Behind <ul style="list-style-type: none"> World's first cycling radar that warns of vehicles approaching from behind up to 153 yards (140 meters) Works independently and wirelessly integrates with compatible Edge® cycling computers¹ Edge computer or Varia head unit can detect multiple vehicles and indicates the relative speed of approach and threat level Tail light unit brightens and flashes to notify approaching traffic of a cyclist ahead 	4 960 lei	-

010-10718-01	Carrying Case	Store and carry your device and accessories with this zippered carrying case. Fits your Edge® or Forerunner® along with accessories, such as heart rate monitor strap, charging cradle and USB cable. Features a mesh top for ventilation and end loop for attachment options. Great for keeping it all together when you travel.	350 lei	*
010-12104-00	Speed and Cadence Sensors	Monitor your pedaling cadence and/or speed as you ride with these easy-to-install wireless sensors. Simply attach the sensors and ride. With no magnets or other exposed parts to line up, these sensors are easy to install, maintain and move between bikes. The cadence sensor fastens to any crank arm size and measures pedal strokes per minute so you can get the most out of your training. The speed sensor attaches to the hub of either wheel and self-calibrates with your Edge® to give you accurate speed and distance at all times, including indoors on the turbo trainer. Combine them both and improve your personal best or see where you stand against the pros.	1 390 lei	*
010-12103-00	Bike Speed Sensor	Monitor your speed as you ride with this easy-to-install wireless sensor. The speed sensor attaches to the hub of either wheel and self-calibrates with your Edge® to give you accurate speed and distance at all times, including indoors on the turbo trainer. Simply attach the sensor and ride. With no magnets or other exposed parts to line up, this sensor is easy to install, maintain and move between bikes.	885 lei	-
010-12102-00	Bike Cadence Sensor	Monitor your pedaling cadence as you ride with this easy-to-install wireless sensor. The cadence sensor fastens to any crank arm size and measures pedal strokes per minute so you can get the most out of your training. Simply attach the sensor and ride. With no magnets or other exposed parts to line up, this sensor is easy to install, maintain and move between bikes.	825 lei	*
010-11029-00	Bike Mount	Attach your compatible device to your bike to collect workout data while cycling. Great for multisport workouts, your device quickly attaches to the mount for a clean transition from running to biking.	275 lei	**

010-11029-11	Charging Cradle (Forerunner® 920XT)	Conveniently charge your Forerunner with this charging cradle. Simply connect your watch to the cradle, and use the USB cable to connect your watch and your computer.	335 lei	*
010-11029-19	Accessory, Chgr Clip, Forerunner 645, 1.15A	Complete two tasks with one cable using our charging/data clip. Connect the cable to your computer's USB port to recharge your compatible device and to transfer data to and from your computer. This cable also pairs with an optional AC adapter (sold separately).	420 lei	-
010-11029-18	Charging Clip (Forerunner 30/35/230/235/630)	Complete 2 tasks with 1 cable using our charging/data clip. Connect the cable to your computer's USB port to recharge your compatible device and to transfer data to and from your computer. This cable also pairs with an optional AC adapter (sold separately).	435 lei	-
010-11092-00	Foot Pod	Monitor your distance and cadence when indoors, such as on a treadmill or a track at the gym, or when out of GPS range with your wrist-worn device and this foot pod. Also provides distance and cadence data when used with the FR70 series.	1 460 lei	***
Accessories for Cycling				
010-12095-00	Mountain Bike Mount	Capture your entire trail adventure with this mount that secures your compatible remote to your mountain bike. Secure your remote in the mount so your compatible device won't miss a minute of the action.	415 lei	*
010-10997-00	Heart Rate Monitor	Heart Rate Monitor & Strap	1 015 lei	-
010-10997-07	Premium Heart Rate Monitor	Train more effectively with our premium heart rate monitor. When worn around your chest during an activity, it wirelessly transmits your heart rate to your compatible device for instant feedback on how hard you're working. The strap is made of a comfortable soft fabric. Adjust the size to your body for secure fit during your activities. Pair it with your compatible device just once, and it will automatically recognize it each time. Optimized for use in crowded areas like the gym and road races, it won't pick up any signals but your own. Taking care of it is a snap. The plastic heart-rate module is removable from the strap so you can wash the strap as often as needed	1 250 lei	***
010-12883-00	HRM-Dual	Heart rate — the easy, accurate way This premium heart rate strap transmits real-time heart rate data over ANT+® connectivity and BLUETOOTH®Low Energy technology, giving you more options to train indoors, outdoors or even online. With it, you'll be able to consistently receive accurate heart rate on your Garmin device, in online training apps such as Zwift or even the compatible fitness equipment in your favourite class at the gym. So however you like to train, you'll get the accurate, real-time heart rate you need to take your performance to the next level.	1 450 lei	NEW soon
010-10997-09	HRM-Tri	Heart Rate Data in all Three Disciplines • Specifically designed for triathletes • Our smallest and lightest heart rate monitor (HRM) • Comfortable, easily adjustable strap • Stores and forwards heart rate data to Forerunner® 920XT1	2 700 lei	**
010-11251-15	Out Front Bike Mount	Stay ahead of the pack with this out-front bike mount that lets you take full advantage of your Edge's capabilities without compromising your ride. The mount gives you easier, heads-up positioning for easier monitoring and safety.	790 lei	-
010-12094-10	Edge Remote Control	Control your compatible Edge cycling computer without removing your hands from the handlebar. The 3-button Edge remote uses ANT+® wireless connectivity to mark laps and scroll through pages. You can even program the third button from a preset list of functions.	865 lei	-

Accessories Outdoor				
Accessories for Watches / Wearable Technology				
010-10997-07	Premium Heart Rate Monitor	<p>Train more effectively with our premium heart rate monitor. When worn around your chest during an activity, it wirelessly transmits your heart rate to your compatible device for instant feedback on how hard you're working.</p> <p>The strap is made of a comfortable soft fabric. Adjust the size to your body for secure fit during your activities.</p> <p>Pair it with your compatible device just once, and it will automatically recognize it each time. Optimized for use in crowded areas like the gym and road races, it won't pick up any signals but your own.</p> <p>Taking care of it is a snap. The plastic heart-rate module is removable from the strap so you can wash the strap as often as needed</p>	1 250 lei	***
010-12883-00	HRM-Dual	<p>Heart rate — the easy, accurate way</p> <p>This premium heart rate strap transmits real-time heart rate data over ANT+® connectivity and BLUETOOTH® Low Energy technology, giving you more options to train indoors, outdoors or even online. With it, you'll be able to consistently receive accurate heart rate on your Garmin device, in online training apps such as Zwift or even the compatible fitness equipment in your favourite class at the gym. So however you like to train, you'll get the accurate, real-time heart rate you need to take your performance to the next level.</p>	1 450 lei	NEW soon
010-10997-12	HRM-RUN	<p>Pair your compatible Garmin device with the HRM-Run to get your heart rate and real-time feedback about your running form.</p> <p>HRM-Run has an accelerometer in the module that measures torso movement to calculate 3 running metrics:</p> <p>Cadence — the number of steps per minute. It displays the total steps (right and left combined).</p> <p>Vertical oscillation — the bounce in your running motion. It displays the vertical motion of your torso (measured in centimeters).</p> <p>Ground contact time — the amount of time in each step that your foot spends on the ground while running (measured in milliseconds).</p>	2 060 lei	**
010-10997-09	HRM-Tri	<p>Heart Rate Data in all Three Disciplines</p> <ul style="list-style-type: none"> • Specifically designed for triathletes • Our smallest and lightest heart rate monitor (HRM) • Comfortable, easily adjustable strap • Stores and forwards heart rate data to Forerunner® 920XT1 	2 700 lei	**
010-12342-00	HRM-Swim	<p>Stores Heart Rate Underwater and Forwards Data</p> <ul style="list-style-type: none"> • Specifically designed for swimmers • Non-slip strap • Stores and forwards heart rate data to compatible devices 	2 080 lei	*
010-12104-00	Bike Speed and Cadence Sensors	<p>Monitor your pedaling cadence and/or speed as you ride with these easy-to-install wireless sensors.</p> <p>Simply attach the sensors and ride. With no magnets or other exposed parts to line up, these sensors are easy to install, maintain and move between bikes.</p> <p>The cadence sensor fastens to any crank arm size and measures pedal strokes per minute so you can get the most out of your training.</p> <p>The speed sensor attaches to the hub of either wheel and self-calibrates with your Edge® to give you accurate speed and distance at all times, including indoors on the turbo trainer.</p> <p>Combine them both and improve your personal best or see where you stand against the pros.</p> <p>Water-rated to 1 ATM; ANT+ wireless connectivity does not work underwater.</p>	1 390 lei	*
010-12168-11	Quick Release Kit (fenix 3)	<p>Use your fenix 3 for multi-sport training — and go from wrist to bike in seconds. The kit includes a quick release bracket, a wrist bracket, a bike mount, 2 pins, 2 screws, bike mount o-rings and installation screwdrivers.</p>	520 lei	-
010-12491-01	Charging/Data Clip Fenix 5,FR 935	<p>Complete 2 tasks with 1 cable using our charging/data clip. Connect the cable to your computer's USB port to recharge your compatible device and to transfer data to and from your computer. This cable also pairs with an optional AC adapter (sold separately).</p>	640 lei	*
